

SCORE AND SUNOCO ANNOUNCE FLEET FUELING CARD

SCORE International and **Sunoco Race Fuels**, their Official Fuel Supplier, are excited to roll out a new Universal Fleet Card for SCORE members and any of their affiliated businesses. With access at 90% of all fueling locations across the USA through Wright Express, the **Sunoco Universal Fleet Card** is the perfect solution at the right time.

With the Sunoco Universal Fleet Card, your team and business can now gain control of your fuel expenses with detailed reporting and purchase alerts. You assign the controls and restrictions, and have full online access to monitor and maintain your account. This control reduces theft and abuse of fuel and provides fueling details that help you control costs.

Currently, this program includes a cost savings rebate based on gallons purchased at over 4600 Sunoco branded stations located in the Eastern and Mid West US. SCORE members with access to these stations can take advantage of this program. 2009 may see exciting improvements to this rebate program nationwide.

For all SCORE members that sign up for and are issued the Sunoco Universal Fleet Card, Sunoco Race Fuels will boost their remaining 2008 contingency program payout by 50% for 1st through 3rd place and in addition pay 3rd place award money to 4th through 6th place finishers for the upcoming Primm and Baja 1000 races. Racers need to race with Sunoco Race Fuel, place decals on their race vehicle and register with the SCORE Contingency Director during contingency and tech inspection.

Please refer to the attached flyer that explains all the features and benefits of the Sunoco Universal Fleet Card.

To apply or receive more information, please email John Mattix, Sunoco Fleet Card Manager, at jfmattix@sunocoinc.com or contact him via phone at 215-514-1582.
